

Phase 3 Timetable

From Saturday, 6 June 2020

In light of the WA Government's latest announcement regarding the transition to Phase 3 and the further easing of COVID-19 related restrictions, SouthWest will be adjusting its timetable as of Saturday, 6 June 2020.

Full-Contact Classes

Under the Phase 3 restrictions, full contact sport and training will now be permitted in Western Australia. This will mean from Saturday, 6 June, our classes will consist of activities that include contact including randori and partnered exercises.

Updated Timetable

During the Phase 3 period, we will be launching an updated timetable to allow for more sessions to be run throughout the week. This will allow a greater number of our members to recommence judo.

Our Commitment to Hygiene

Under Phase 3 restrictions, we will continue to collect temperature readings and require everyone who enters the dojo to sanitise their hands. We also urge you all to practice good hygiene. This includes wearing shoes to and from the dojo, ensuring your hands and feet are washed, and that you come to judo with a clean judo gi. In addition to this, we will be disinfecting the dojo on a nightly basis.

How to Register?

During the Phase 3 period, we will no longer be requiring students to pre-register for classes. However, all patrons who enter the premises consent to being temperature checked upon arrival.
